- Fu-Tung Cheng is a designer, best-selling author, and speaker, known internationally for his sophisticated design and innovative use of materials in the home. An expert on residential, commercial and product design, he speaks to trade and consumer audiences on the importance of timeless design, balancing luxury and conscience, and how craftsmanship informs design.
- Since 1972, San Diego Center for the Blind has been the only nonprofit community based program of its kind to provide comprehensive vision rehabilitation services to legally blind and partially sighted adults who are age 18 or older.
